

The European Freight and Logistics Leaders' Forum

Active international cross-industry Forum

F&L is a particularly interesting audience. Twice each year, around 100 top logistics leaders representing multiple industries across Council of Europe 47 territory come together to challenge, debate, share perspectives and learn. The "Chatham House rule" enables frank debate throughout for this highly interactive audience.

F&L IS AN INTERNATIONAL NON-PROFIT, NON-LOBBY GROUP STARTED IN 1994
